

Dear Community Member,

The Elcho School District has been implementing new strategies this school year to ensure all students are career, college and life ready. This process of Academic and Career Planning, which we refer to as ACP, has guided our staff members in sparking conversations with students to prepare them for a successful future no matter the path they choose.

In order to focus on the *career ready* aspect of ACP we are reaching out to community members that may be interested in helping us host a school-wide mock interview event with all 9th-12th grade students. This would occur during the school day on Wednesday May 9th from 9am-11:30am. Each community volunteer will be provided with a list of questions and a list of students they would need to interview in this time frame. Following the interview, each community volunteer will provide immediate feedback to the student on what they did well and what they could improve on for a real job interview.

If you are available to participate as a community volunteer, please RSVP to Paige Roland, School Counselor and ACP Coordinator, by Friday April 27th. We know that your feedback to students will be invaluable and will likely resonate on a level with students that we as educators cannot.

If you agree to participate more information will be sent to you as we get closer to the event. I look forward to hearing from you!

Thank you,

Paige Roland
