

Kohler High Class of 2019  
Parent Questionnaire

Dear Parents,

A very important part of your child's upcoming college applications will be a written recommendation from their counselor. The role of the counselor's recommendation is to present the student from a holistic viewpoint to the admissions committee. In each letter, I strive to address the academic, social, emotional, and extracurricular life of the student. The parent's perspective can be extremely helpful in writing a comprehensive and personal letter. It is my opportunity to share with an admissions committee why your child should be admitted to their college.

1. Discuss the personal growth in your son/daughter that you have observed from freshman year to present. Please cite examples.

2. In what ways has your son/daughter surprised you? Does she/he have a passion, talent, or characteristic that is important in understanding her/him?

3. Do you believe your child's academic record is an accurate reflection of their academic potential? Discuss your child's academic strengths.

4. Please share a story or an anecdote that you believe exemplifies the kind of person your child is?

5. Is there something else you'd like to share with me about your child or family situation in general?

Thank you for sharing with me about your unique child.
