

2020 UW HELP PRESENTATION OPTIONS

When selecting from the following menu items we recommend for first time visits you choose the UW HELP Intro along with one of our 30 min presentations.

UW HELP (INTRO) - 15 Min Presentation

All Grade Levels

This quick informative presentation is a great introduction to the UW HELP office and its resources for prospective students. During this time students will get an overview of things to consider when they are getting ready to start the college application process. Students will leave this session knowing the steps necessary to complete an application.

UW Ready - 45 Min Presentation

Juniors and Seniors

This presentation is unique in that we can tailor it to specific grade levels. Like the UW (INTRO) this presentation will provide students with an overview of the UW HELP office and the resources it provides to prospective students. It covers topics such as course selection, admission requirements, how to apply, the UW System essay, timeline of next steps and things to plan for.

UW Journey (Demo) - 30-45 Min Presentation

All Grade Levels

This presentation introduces students to the UW Journey mobile app. UW HELP staff will walk students through the criteria the app uses to help students find their fit amongst the UW System campuses. During the demonstration the students will learn how to explore the 26 UW System campuses and how to compare one campus to another. They will also learn about the application process and some options for funding their college education.

Application Completion - 30-45 Min Workshop

Seniors

A workshop designed to serve your students who want to or who have started an application to the UW System, and need assistance completing the online form. The UW HELP team will provide in class support to your students while they work on the application. UW HELP team members will assist in answering all questions regarding the application and admission process.

UW HELP Scenarios - 30 Min Activity/Discussion

All Grade Levels

A small group activity where students will work through hypothetical scenarios and answer questions about the college search and application process that are relevant to their grade level. A UW HELP team member will lead students in group discussion about the information they found during the activity. Students will leave with knowledge of the application and admissions process as well as direct experience using UW HELP resources.
