Are you looking for a first-rate education that costs less, gets you to graduation sooner and starts you off with a higher salary than comparable schools?* Then we welcome you to join the Warhawk family. For more than 150 years, UW-Whitewater has been inspiring, engaging and transforming the lives of students.

UW-Whitewater leads the way in preparing students with the outstanding skills that make them strong candidates for 21st-century careers and citizenship. We are world-renowned for our education, music and business programs, but boast just as proudly of programs as diverse and respected as political science, biology, communication, theatre and media arts and game development.

Warhawks on our main campus and our Rock County campus benefit from a focus on student success, including small class sizes, numerous opportunities to work hands-on with professors and transformative programs — all designed to provide you with the opportunities, challenges and skills you desire.
